**Amplifying Meaningful Perspectives and Lived experiences of Incretin therapy
use From diverse community voices (AMPLIFY)**

**Do you have experience with using new
weight management medications,
including semaglutide (Ozempic, Wegovy)
and tirzepatide (Mounjaro)?**

We would love to hear from you!

**Our study aims to learn more about how people experience using
these medications.**

**Your insights can help support other people like you by helping
improve and shape treatment approaches, support and policies.**

You will be given **£37.50 for participating in a 1.5-hour online focus
group.**
